## Policy Statement

This policy applies to all persons working for N3i or on our behalf in any capacity, including employees at all levels, directors, officers, agency workers, seconded workers, volunteers, agents, contractors, and suppliers.

N3i strictly prohibits the use of modern slavery and human trafficking in our operations and supply chain. We have and will continue to be committed to implementing systems and controls aimed at ensuring that modern slavery is not taking place anywhere within our organisation or in any of our supply chains. We expect that our suppliers will hold their own suppliers to the same high standards.

## Commitments

### **Modern Slavery and Human Trafficking**

Modern Slavery is the term used within the UK and is defined within the Modern Slavery Act 2015. The Act categorises offences of Slavery, Servitude and Forced or Compulsory Labour and Human Trafficking

Human trafficking is where a person arranges or facilitates the travel of another person with a view to that person being exploited. Modern slavery is a crime and a violation of fundamental human rights.

N3i expects everyone working with us or on our behalf to support and uphold the following measures to safeguard against modern slavery:

- We have a zero-tolerance approach to modern slavery in our organisation and our supply chains; The prevention, detection, and reporting of modern slavery in any part of our organisation or supply chain is the responsibility of all those working for us or on our behalf. Workers must not engage in, facilitate, or fail to report any activity that might lead to, or suggest, a breach of this policy.
- We are committed to engaging with our stakeholders and suppliers to address the risk of modern slavery in our operations and supply chain.

Consistent with our risk-based approach we may require:

- Employment and recruitment agencies and other third parties supplying workers to our organisation to confirm their compliance with our policy.
- Suppliers engaging workers through a third party to obtain that third parties' agreement to adhere to our policy.

As part of our ongoing risk assessment and due diligence processes, we will consider whether circumstances warrant us carrying out audits of suppliers for their compliance with our policy.

If we find that other individuals or organisations working on our behalf have breached this policy, we will ensure that we take appropriate action. This may range from considering the possibility of breaches being remediated and whether that might represent the best outcome for those individuals impacted by the breach to terminating such relationships.
